CLEVERTOUCH

The market leading interactive touchscreen

CLEVERTOUCH

Choose Clevertouch, the market leading* interactive large format display with sizes from 42" to 84". The latest touchscreen technology is integrated into the screen allowing multiple users and gesture control. Full HD resolution and the high brightness anti glare display allows images to be clearly visible from all angles in rooms with low or high light levels.

Benefits of touchscreens...

Anti Glare Glass

Ideal for rooms with high light levels

Multi Touch

Multi touch, gestures and writing available

High Definition

Full HD 1080p high brightness display

Low Cost

No need to replace lamps or filters or add external hardware

Durability

Toughened glass, strong bezel, 24/7 usage

Integrated Speakers

2 x 10W

Plug and Play

No calibration, no drivers with Windows 7 and 8

No Shadow

Unlike interactive whiteboard and projector solutions

Low Power Consumption

315W power usage

Three Year Warranty

On-site de-install re-install in the UK, upgradable to five years

Clevertouch Plus 84"

True 4K

Resolution that delivers 4 times more detail than HD

Built-in PC

Intel i7 PC included

- 32-point touch
- Supplied with your choice of Snowflake software
- 3 year on-site de/re installation warranty in the UK

Every Clevertouch comes with the Clever Software Suite, incorporating CleverLynx, Wordwall and DisplayNote

CLEVERLYNX

CleverLynx is an annotation software where you can import any type of document and make notes over it. The annotation toolkit includes pen, paintbrush, highlighter and fill area. Screen capture allows you to save these annotations. An image bank and wide variety of maps are available.

Every Clevertouch includes a five user perpetual CleverLynx licence.

Find out more at www.cleverlynx.com

CLEVERNOTE

CleverNote annotation software is so easy to use, it requires no training—even young children can walk up to the screen and start annotating with our simple, intuitive interface. Change the background colour, pen colour and line size so that you can easily brainstorm, paint pictures or annotate.

Every Clevertouch Plus includes our CleverNote app.

DisplayNote lets presenters and teachers control their Clevertouch with their tablet device or phone and share content from that Clevertouch with multiple participants across multiple devices via the cloud or over a wireless network. Participants can capture the presenter's content on their device, annotate, add their own notes, collaborate with colleagues and save everything for review.

Every Clevertouch includes 10 perpetual DisplayNote connections and 1 year free cloud subscription. Multi connection licences are also available.

Find out more at www.displaynote.com

Wordwall is an activity maker where you can create an activity for any subject in seconds. Our online community features over 30,000 resources made by teachers for teachers. The new version includes twice the number of activities and themes.

Every Clevertouch comes with a perpetual Wordwall Display licence which can be installed on an unlimited number of PC's and used on every Clevertouch.

Find out more at www.getwordwall.com

Use the Wordpad7 to involve everyone at once

The Wordpad7 tablets can be used to track pupil progress, facilitate discussion or play fast-paced learning games. Students of all personalities and abilities are able to engage, not just the usual suspects. You can access a range of classroom activities not available with the software alone.

Comes pre-loaded with the Wordwall and DisplayNote apps.

Snowflake 4 multi touch software is included with the Clevertouch Fusion. Choose from three fantastic editions:

Snowflake Business – Present your company and products with impact.

Snowflake Entertainment – Engage your target group by promoting your brand in a fun way.

Snowflake ABC – Make kids corners more fun, collaborative, social and memorable.

Get inspired, watch clips and trial or download the Snowflake 4 of your choice at www.nuiteq.com
